

AWS Step 1: How to create your account as a root user.

Click the link <https://aws.amazon.com/>

Click the right top button.

Provide your email address and account name here.

### Explore Free Tier products with a new AWS account.

To learn more, visit [aws.amazon.com/free](https://aws.amazon.com/free).

## Sign up for AWS

**Root user email address**  
Used for account recovery and some administrative functions

**AWS account name**  
Choose a name for your account. You can change this name in your account settings after you sign up.

**Verify email address**

OR

**Sign in to an existing AWS account**

You also provide your bank account while creating the account.

Your bank might consider as a scam when the transaction happens from AWS as the price is \$0.

You need to contact your bank and resolve this.
